CLAIM

The ornamental design for eye treatment goggles, as shown and described.

DESCRIPTION

FIG. 1 is a perspective illustration of the eye treatment goggles according to the present invention;

FIG. 2 is a front view illustration of the eye treatment goggles according to FIG. 1 of the present invention;

FIG. 3 is a rear view illustration of the eye treatment goggles according to FIG. 1 of the present invention;

FIG. 4 is a left side view illustration of the eye treatment goggles according to FIG. 1 of the present invention;

FIG. 5 is a right side view illustration of the eye treatment goggles according to FIG. 1 of the present invention;

FIG. 6 is a top view illustration of the eye treatment goggles according to FIG. 1 of the present invention; and,

FIG. 7 is a bottom view illustration of the eye treatment goggles according to FIG. 1 of the present invention.

The broken line showing of portions of eye treatment goggles is included for the purpose of illustrating environmental structure and forms no part of the claimed design.
